CERTIFICATIONS

- Basics of Python – Infosys Springboard (2024)
- ReactJS for Beginners – Tantraniketan & MSME, Govt. of India (2025)
- Machine Learning Using Python (2026)
- AI & ML Projects Certification (2026)
- Introduction to Data Analytics – Simplilearn (2025)
- Introduction to SQL – Simplilearn (2025)
- Hackathon Participation – Vortex 2025

PERSONAL INFO

Full Stack Developer with hands-on experience in designing and developing scalable web applications using React.js, Django, Flask, and NestJS. Completed a Full Stack Developer Internship and built live projects including an E-commerce Jewelry Platform (Crosbae) and a Hotel & Event Management System. Skilled in REST API integration, database management, and responsive UI design. Strong problem-solving abilities and passionate about continuous learning and software development.

TECHNICAL SKILL

- **Frontend:** React.js, HTML5, CSS3, JavaScript, Bootstrap
- **Backend:** Django, Flask, Node JS, Express js
- **Databases:** MySQL, SQLite, MongoDB
- **APIs & Tools:** REST APIs, Postman, Git, GitHub

Other Skills: MVC Architecture, Agile Methodology, Responsive Web Design

SIDDHU KUMAR

FULL STACK DEVELOPER

PROJECTS

Crosbae – Jewelry E-Commerce Web Application

Live: www.crosbae.com

GitHub: <https://github.com/Siddhu2008/Crosbae>

- Developed a responsive e-commerce platform with product listing, cart system, and user authentication.
- Built admin panel for product and user management.
- Implemented frontend using React.js and backend APIs using Django and Flask.
- Deployed the application on a custom domain with scalable backend services.

Hotel & Event Management System

GitHub: <https://github.com/Siddhu2008/Hotel-And-Event-management-system>

- Designed and developed a hotel and event booking system using Django and MySQL.
- Implemented role-based authentication, booking management, and admin dashboard.
- Created responsive UI using HTML, CSS, and Bootstrap.

Interactive Curriculum Learning App (Hackathon Project)

- Developed an interactive learning application for Std X students as part of Vortex 2025 Hackathon.
- Focused on improving digital learning experience and content accessibility.

EXPERIENCE

Full Stack Developer Intern

QUASTECH – Software Development Company Duration: 3+ Months

- Developed and maintained full-stack web applications using React.js and Django.
- Built and integrated RESTful APIs for frontend and backend communication.
- Improved application performance and resolved bugs to enhance stability.
- Collaborated with UI/UX designers and team members in Agile environment.
- Participated in code reviews, sprint planning, and daily stand-ups.

ADDITIONAL INFORMATION

Languages: English, Hindi

Soft Skills: Team collaboration, problem solving, adaptability, fast learner
